

HP Elite Partners 2010

BladeSystem—PC and Workstation

As a customer, you enjoy an unparalleled choice of HP business partners offering products, solutions and services to meet your needs. Our partners are critical to the HP customer experience, offering everything from same-day procurement convenience to the latest, most sophisticated technologies.

The HP Elite designation is just one more way HP is simplifying client choice. Elite partners understand that each customer is unique. They employ experienced professionals whose dedication and industry knowledge helps them assess your specific business needs and provide tailored solutions to meet them.

With HP Elite partners, you get leading-edge skills and specialized knowledge delivered by a team of experts who are highly recommended by HP and get IT right the first time.

Partners that have earned the BladeSystem—PC and Workstation Elite designation have invested in the

additional training necessary to distinguish themselves as experts who can deliver a full-featured, high-performance PC and workstation computing experience—even for users remote from the data center.

These Elite partners can help you achieve your business and IT objectives through virtualization, improved manageability, resource utilization, security, remote site and supplier access, and collaboration. They have the training and the experience to go beyond the common definition of virtualization to help you realize the competitive advantages of an expanded, high-performance virtual enterprise.

The BladeSystem—PC and Workstation consulting services offered by these partners extend the HP BladeSystem portfolio to include the needs of high-performance PC and 3D graphics Workstation users, including the integration of remote sites and suppliers. In addition, these Elite professionals understand the infrastructure and storage environments in which BladeSystem resides. They offer complete accountability and convenience, including design, installation, configuration, data migration, training and post-installation services.

BladeSystem—PC and Workstation Elite Partners are highly recommended by HP.

Contact ePlus to see how we can help you implement and maintain a best-run IT infrastructure and optimize your data center with BladeSystem technology.
