EXCELLENCE THROUGH EXPERIENCE

Investor Presentation
January 2015

Safe Harbor Statement

Statements in this presentation, which are not historical facts, may be deemed to be "forward-looking statements." Actual and anticipated future results may vary due to certain risks and uncertainties, including, without limitation; possible adverse effects resulting from the recent uncertainty in the economic environment and general slowdown of the U.S. economy such as our current and potential customers delaying or reducing technology purchases, increasing credit risk associated with our customers and vendors, reduction of vendor incentive programs, the possibility of additional goodwill impairment charges, and restrictions on our access to capital necessary to fund our operations; our ability to implement comprehensive plans to achieve customer account coverage, cost containment, asset rationalization, systems integration and other key strategies; our ability to secure our electronic and other confidential information; changes to our senior management team; the existence of demand for, and acceptance of, our products and services; significant changes in accounting standards including changes to the financial reporting of leases which could impact the demand for our leasing services, or misclassification of products and services we sell resulting in the misapplication of revenue recognition policies; our ability to adapt to changes in the IT industry and/or rapid change in product standards; our ability to hire and retain sufficient personnel; our ability to protect our intellectual property; our ability to raise capital and obtain non-recourse financing for our transactions; our ability to realize our investment in leased equipment; our ability to reserve adequately for credit losses; our ability to successfully integrate acquired businesses; significant adverse changes in, reductions in, or losses of relationships with major customers or vendors; the possibility of defects in our products or catalog content data; and other risks or uncertainties detailed in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2014 and other periodic filings with the Securities and Exchange Commission and available at the SEC's website at <http://www.sec.gov>.

We wish to caution you that these factors could affect our financial performance and could cause actual results for future periods to differ materially from any opinions or statements expressed with respect to future periods in any current statements. All information set forth in this presentation is current as of the date of this presentation and ePlus undertakes no duty or obligation to update this information.

All statements in this report attributable to Gartner represent ePlus' interpretation of data, research opinion or viewpoints published as part of a syndicated subscription service by Gartner, Inc., and have not been reviewed by Gartner. Each Gartner publication speaks as of its original publication date (and not as of the date of this presentation. The opinions expressed in Gartner publications are not representations of fact, and are subject to change without notice.
